

Waiheke wines

Comparisons to other classic regions serve only to highlight the differences of one of the most unique vineyard areas in the world. Waiheke Island, with more than its fair share of iconic and cult wines is surrounded by the sparkling waters of the Hauraki Gulf. Long, dry autumns allow for the slow ripening of Bordeaux and Rhône varieties giving complexity and depth of flavour through optimum ripeness. We have sought out small quantities of intensely fragrant wines that balance rich opulence with New Zealand's distinctive elegance of expression. Wines from these boutique wineries are highly sought after in international markets and are crafted for development in bottle.

Glass Bottle

Whites
